# UNIVERSAL INJECTOR REMOVAL TOOL E.G. BMW

60383005

Injector removal tool for safe removal of Bosch injectors with piezo control, installed e.g. in BMW engines.

The double fixing grip reduces the risk of shearing off the injector above the cylinder head.

~~€ 218,00~~  
**€ 199,90** ex tax

# OPEN SOCKET SET FOR HIGH-PRESSURE CONNECTIONS, 17 / 18 / 19 MM

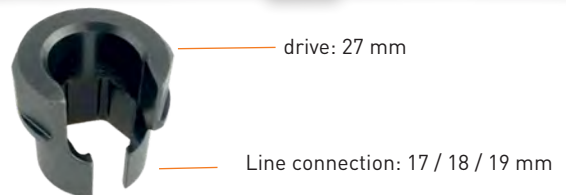

60561725

Universal socket spanner set for loosening and tightening high-pressure line screw connections.

The extra-flat design of the socket spanners makes it possible to loosen the coupling nut even with a very narrow pipe radius. The nut is loosened via the 27 mm external hexagon. The cap nut is gripped on all 6 surfaces with a positive fit, which prevents consequential damage and reduces the risk of injury to the user.
